

## REBELS CONTINUE THEIR NIGHT FIRE

### VERY ANNOYING TO THE AMERICAN TROOPS.

The Known Presence of Several Insurgent Officers in Manila Causes Enforcement of 8 O'clock Order to Prevent Outbreak—Guards Doubled—Transport Sheridan Arrives.

Manila, April 14.—[Special]—The Filipinos continue their annoying night fire on our lines. Gen. Owen, whose troops are particularly bothered by this sort of war.

Gen. Wheaton, who has known of the presence of several insurgent officers in Manila, has caused strict enforcement of the 7 o'clock order, to prevent a night outbreak in the city. Guards have been doubled and other precautions have also been taken.

Lawton's expedition continues moving slowly along the lake.

Transport Sheridan Arrives.

Manila, April 14.—[Special]—The transport Sheridan, having on board the Twelfth Infantry and five companies of the Seventeenth arrived.

On the voyage from Singapore to Manila, Lieut. Bath, of the Twelfth Infantry was lost overboard.

Prevent Spread of Small Pox.

Washington, April 14.—[Special]—Surgeon General Strenberg received a letter from the surgeon of the second brigade in the Philippines, in which he says only a few cases of small pox was discovered among the troops, but all men were vaccinated and any spread of the disease is not feared. Dysentery and diarrhea are the most prevalent diseases, but they are gradually diminishing.

Release of Filipino Prisoners.

Manila, April 14.—[Special]—Lawton moved on toward Calamba, the rebel stronghold today. Many Filipino prisoners are being released on the condition they will scatter the United States proclamation among the natives.

Manila, April 14.—Gen. Lawton's column moved twelve miles north along the lake from Santa Cruz Wednesday and took the towns of Paete and Longos.

The rebels made only a desultory resistance until the Americans reached Paete. Here the road runs between steep hills, on which the rebels had built trenches. They also had a series of trenches across the road.

Flanking squads were sent out from the North Dakota regiment, which had run into a crossfire from the rebel trenches. One squad, working through the thick brush, was within twenty paces of an insurgent trench before they saw it. Four men in this squad were killed or wounded.

The gunboats shelled the rebels for an hour, and they were driven out after an hour's fight. The American loss was five killed and two wounded, the heaviest Lawton's column has sustained.

Paete was the center of the rebel military government in Laguna province, although only one-fourth the size of Santa Cruz. Lawton is still pursuing the rebels along the shores of the lake. The rebel losses average ten to one.

Skirmish Near Malolos.

An outpost of the Third artillery, west of Malolos, was attacked by the enemy early Thursday morning. Two of the artillerymen were killed and three others wounded.

The affair occurred near Paombang, about a mile and a half west of Malolos. A large swamp, on the borders of which the Americans were stationed, concealed the assembling of the rebels.

The Americans moved out at daylight and scoured the country for several miles, killing a dozen or so rebels. They found some bands of rebels, whom they drove northward. One man of the Montana regiment was wounded during this clearing of the country.

Luna Succeeds Aguinaldo.

The unusual activity of the insurgents in the north, combined with the persistent reports to that effect from Filipino sources, led the American officers to believe that Antonio Luna has succeeded Aguinaldo as military commander, Aguinaldo retaining only his civil functions.

It is believed, that Aguinaldo has gone around the lake into the province of Cavite. Aguinaldo is a native of Cavite province, and organized his first rebellion in that district. He probably hopes by his presence to rally his adherents to a continuance of the revolt.

The story that the Filipino general, Ricarte, had been put to death by Aguinaldo's or Luna's orders, after a trial on a charge of sedition, is confirmed. It is reported that six other officers, including a colonel, have been put to death for the same reason.

GOVERNMENT OF PHILIPPINES.

President Hopes to Make Recommendations When Congress Meets.

Washington, April 14.—The advice from the Philippines and the success everywhere of the American arms are most encouraging. It is not believed that there will be any more general engagements with the rebels, but that there will continue for some time a

sort of guerrilla warfare, vexatious, but not of any great importance.

The president hopes to be able to recommend to congress next winter a plan of government for the Philippines. The report from the Philippine commission, that it finds the Spaniards and more intelligent Filipinos desirous of American control over the islands, leaves no doubt as to the future policy of permanent possession and control by this government, as the best-educated natives fear the experiment of independence.

Rios Told to Come Home.

Madrid, April 14.—Gen. Polavieja, minister of war, has instructed Gen. Rios, the Spanish commander in the Philippines, to evacuate the archipelago immediately, now that the ratifications of the treaty of peace have been exchanged.

## USE PRISON LABOR SAYS THE SENATE

### MANUFACTURE OF GOODS FOR STATE INSTITUTIONS.

Bill For Manual Training Departments in High Schools Passes Senate—Assembly Kills State Patronage Bill—Sheridan Drive Bill to a Third Reading.

Madison, April 14.—[Special]—The senate laid the question of establishing an electric light plant for the university and capitol over until Wednesday, Chairman Baxter, of the claims committee, presented figures to show that it would be more expensive than the present plan.

The senate adopted the resolution authorizing the board of control to use prison labor in the manufacture of goods for state institutions.

The bill for manual training department in ten more high schools, twenty in all, at an annual cost of not more than \$5,000 passed the senate.

The Orton bill increasing the tax on railroads about \$300,000, re-considered by the assembly yesterday, was again advanced to third reading today, this time with but seven votes against it.

The assembly killed McGilivray's state patronage bill by two majority. The anti-pass bill as amended by the assembly was concurred in by that body and now goes to the senate for concurrence in the assembly amendments.

The anti-lobby bill was passed by the assembly with seven votes in opposition. An attempt was made in the assembly to re-consider the vote by which the Harvey bill re-organizing county superintendent's system, was killed last night, but the effort failed.

The Sheridan drive bill as amended by a substitute was ordered to third reading in the senate.

Madison, Wis., April 14.—The anti-pass bill finally went to third reading in the lower house Thursday. By new amendments the penalty is lessened from incarceration in the state prison to the county jail, with the maximum time one year and the maximum fine \$500.

The assembly passed the McLeod bill for a new state board of education and appropriating \$5,000 thereto.

In the senate the bill to appropriate \$35,000 for an electric lighting plant for the university, the capitol, and library buildings went over for a day. Bills were passed taxing intelligence offices \$10 and providing for the payment by the state of costs of trials of offenses committed at state institutions. The assembly had a stormy debate on the Orton bill increasing the tax on railroads.

The senate passed the Whitehead bill creating the office of state tax commissioner, who is to hold office for a term of ten years, and receive \$5,000 a year.

The bill provides two assistants for him, one at \$4,000, and the other at \$3,000.

The bill repealing the anti-pool-selling law was adversely reported in the assembly.

CHANGES IN TWO CITIES.

Vicissitudes of Paris and of Rome.

Rome has during the present century been twice under French rule, twice under that of a republic and four times under the rule of the pope—this latter rule being more or less supported by French troops, and finally, in 1871, it became the capital of united Italy. Indeed, says the Boston Traveler, throughout the first half of the century Rome was in a continual state of change and turmoil, both politically and socially. The vicissitudes of Paris have been as numerous and more important. During the present century it has twice been occupied—in 1814 and 1871—by foreign troops, and it has twice—1848 and 1870—been in a state of siege and under martial law. Napoleon ruled it as first consul and emperor, Louis Philippe as king, Napoleon III. as president and emperor; Paris has also seen two republics and one commune, and there have been eleven popular uprisings within its walls which culminated in the barricading of its streets. Very large portions of it have been destroyed, and rebuilt, and, generally speaking, it has been the scene of more military, political and social turmoil than any other capital city of Europe, with the possible exception of Rome, as above stated.

## FISHER ASKS FOR \$10,000 DAMAGES

### SAYS WIFE'S PARENTS CAUSED HER ESTRANGEMENT.

Fifteen Year Old Wife Taken From Him by Force—Joseph Jones Who Committed Suicide Left Letters—Green Bay Firm Ships Lumber to England—State News.

Racine, Wis., April 14.—The case of Walter Fisher against Fromont Utter and Grace Utter was begun in the circuit court this afternoon. It appears that Fisher married a 15-year-old daughter of Mr. and Mrs. Utter. A few months afterward the parties went to Oshkosh to live. While there the father of the girl took her home to Caldwell's Prairie. The husband alleges that all efforts on his part to get his wife to come back and live with him failed, and he brings suit for \$10,000, against Mr. and Mrs. Utter, charging that they alienated the affections of his wife. There are a large number of witnesses.

Joseph Jones Left Letters.

Joseph Jones, who committed suicide at Beaver Dam yesterday by throwing himself in front of a St. Paul train, left the following letters:

Mrs. A. E. Jones, 3113 Portland Avenue, Minneapolis, Minn.—Mother—I could not help this. I have tried very hard to bring our plans together, but it always seemed that the more I tried the worse it scattered. We will meet in glory. So, goodbye, for now. Joe.

Another letter read as follows:

John J. Roberts, Randolph, Wis.: Please donate \$50 to the new Methodist church to partially show my respects to the congregation. You may do as you like with the rest of property. I am tired with this kind of business. I don't advise no one to undertake such an occupation, if they want to live straight-forward life. I am glad this has happened, although I wanted to die a natural death. Thanking you and family for your kindness to me, which has been of the very best. I hope Jennie will come out a prominent woman. It has always been my dream to be of some use in the world, but I cannot turn the furrow.

JOSEPH JONES.

P. S.—Do not let my poor mother know of this. Give Bert, my brother, my big bible soon.

Night before last Jones was assisted by an operator from Randolph, who says that Jones appeared restless, but perfectly rational. Jones had little confidence in himself and grew despondent. He dispatched the last train and then prepared himself for death. Over thirty cars passed over his body.

Jones was a new man at the station, it being his second night and his first one alone. He had recently been a student at Richfield, and previous to that was a resident of Randolph, and in the office at that place.

Send Lumber to England.

Green Bay, Wis., April 14.—N. J. Warner of Wausau, who last year shipped a large amount of timber from this city to England, has a contract to deliver 170 carloads of elm logs to Liverpool. The timber will be shipped to this city from different points and here loaded on boats for transportation through the lakes. Some of the timber is expected to arrive next Monday.

Wisconsin Pensions Granted.

Washington, April 14.—Original—William Hueller, Milwaukee, \$8. Restoration and supplemental Nathan S. Benedict (dead), Darlington, \$8. Increase—Josiah Latta, \$12 to \$17. Original, widows, etc.—Christina Straussman, Grafton, \$12. Reissue—Emma Orcutt, McCortney, \$8.

Mr. La Follette's Home Coming.

Madison, Wis., April 14.—Mr. and Mrs. R. M. La Follette are expected to return from their California trip next Sunday. Mr. La Follette's health has greatly improved, and is better than for years.

## ACTRESS IMPROVING

### Cora Tanner of Omaha, Who Was Poisoned By Eating Drugged Candy, Is Improving.

Omaha, April 14.—[Special]—Cora Tanner, the actress poisoned by eating drugged candy, is slowly improving today.

Chances of the Country Boy.

Shall the country boy continue to deplore his lack of chance? A reporter has recently ascertained that 70 per cent of the cleverest men of the Chicago Exchange were brought up on farms. While mere circumstances of birth may sometimes make or mar success in life, it is doubtless true that the all-round education of the farm is one of the best foundations for specialization in any future career.

How Many Heartaches.

How many heartaches should we spare ourselves if we were careful to check every unkind word or action towards those we love, by forbearance; the time may soon arrive when the being whom I am now about to afflict may be snatched from me forever to the cold recesses of the grave, secured from the assaults of my petulance, and deaf to the voice of my remorseful penitence.—Friedrich.

## GERMANY'S PLEDGE IN SAMOAN AFFAIR

### MAINTAIN CONDITIONS CREATED BY TREATY.

Ready For Equitable Division of the Islands Among the Powers—Occurrences Were Illegal But Mataafa Could Not Be Dethroned Except By Unanimous Decision.

Berlin, April 14.—[Special]—The anticipated interpellation as to the Samoan affair was made in the reichstag today. Herr Von Buelow, minister of foreign affairs, replied, explaining Germany's attitude.

He said Germany will pledge itself to maintain the conditions in Samoa as created by the Berlin treaty but is ready for an equitable division of the islands among the three powers.

He maintained that all the recent occurrences at Samoa were illegal and that Mataafa could not be dethroned except by unanimous decision.

He did not believe Kautz offended the commander of the Falke concerning the German plantation manager arrested for inciting the rebels to attack the British and American force. April 1. German representatives told England that Germany would protect Hoffmange, as it esteemed him innocent. In conclusion he said:

"It would be villainous to make Samoa a Casus Belli, but we possess certain treaty rights which the nation's honor is staked to maintain."

Washington, April 14.—The Samoan commission will sail for Apia on the United States naval transport Badger, leaving San Francisco on the 25th inst. This arrangement was made Thursday after Baron Speck von Sternberg, first secretary of the German embassy, had called on Secretary Hay and advised him of his appointment as the German member of the high commission. This completed the body.

Kautz' Actions Are Approved.

Admiral Kautz' actions in Samoa, as far as they are set forth in the official dispatches, are approved. He was instructed by the last mail steamer from Auckland to avoid needless collisions, but to protect property and life until the three treaty powers decided how to deal with the situation. No further instructions have yet been sent to him, and if any go forward by cable within the next twenty-four hours, which is the limit of time available if the outgoing steamer is to be caught at Auckland, they will be simply a repetition of former orders.

Department officials point out that from the accounts so far received the admiral appears to have acted in conjunction with the British forces only in pursuance of the policy of defending foreign interests. It is expected that he will not abate his efforts to secure the restoration of peace, and it is probable that when the high commission arrives at Samoa it will find its work facilitated through the suppression of the rebellion.

GERMAN PRESS OPINION.

General Disposition to Treat the Samoan Question Fairly.

Berlin, April 14.—The press gives Wednesday's news calmly and mostly without comment. The Cologne Gazette remarks: "We need not say that if the guilt of the manager of the German plantation is proved Germany will approve of his arrest and demand for his punishment. We will not defend the behavior of a German abroad merely because he is a German."

The Cologne Gazette also admits that Dr. Rafael (the German president of the municipal council of Apia) acted illegally in closing the chief justice's office, and says: "The other two powers, we hope, will also admit the illegal acts of their representatives."

The Tageblatt calls the arrest of the German manager of the plantation in which the ambushade took place "illegal," saying: "Our consul is the only competent judge."

The Lokal Anzeiger expresses the opinion that the affair shows the need of prompt action by the commission.

The Vossische Zeitung says: "Whatever action the German government takes it will find itself fully backed up by the reichstag."

A number of leading papers, like the Deutsche Zeitung, Schlesische Zeitung and Hanover Courier, point out the necessity of a larger navy and urge the hastening of the present increase in its strength and the adoption of an additional bill for the construction of other vessels.

Rose Must Be Withdrawn.

London, April 14.—The Central News is informed from an authoritative source that order will not be restored in Samoa until German Consul Rose is withdrawn. Great Britain and the United States, this authority says, are not yet diplomatically in concert, but if Germany resists to a critical danger point a joint Anglo-American note will be sent to Herr von Buelow, the German minister of foreign affairs.

No Conflict Over Samoa.

Washington, April 14.—As a result of the conservative, cool-headed course of Secretary Hay and other officials there has been a marked diminution in the excitement over the Samoan affair, and the opinion is generally expressed that while the killing of

American and British officers was undoubtedly deplorable, it did not necessarily involve any difficulty which could not be settled amicably.

May Shoot German Planter.

London, April 14.—Whether or not Chief Justice Chambers will receive instructions from America in regard to the German planter who is alleged to have urged the Mataafans to fight is a matter of doubt, as the chief justice is already empowered by the terms of the Berlin treaty to shoot him if he is found guilty.

A social dancing party was enjoyed last evening by the members of the Coterie club and their ladies at Columbia hall. The music was furnished by Professor Spiggetti's Italian string orchestra.

## RICHARD CROKER EXAMINED TODAY

### BEFORE THE MAZET INVESTIGATION COMMITTEE.

Admitted He Was Leader of Tammany, As Well As Many Office Holders—Officers Decided Upon at Tammany Conference—Entitled to Everything It Won.

New York, April 14.—[Special]—Richard Croker was examined by the Mazet investigating committee today.

He admitted that he was the Tammany leader, and that a long list of Tammany officeholders read to him, were members of the Tammany ring. He said they were his friends, and he intended to protect them. He declared that the appointments of the head of city offices were decided upon at the Tammany conferences, and that Tammany officeholders usually gave their patronage to Tammany Hall.

He did not deny advising Tammany legislators how to vote, believing that Tammany was entitled to everything it won.

## SEVERAL INVITED FROM HERE

To Participate in the Jefferson Club Banquet in Milwaukee.

A thousand prominent democrats of the state of Wisconsin were invited by the Jefferson club of Milwaukee to be present at the banquet last evening. No distinction was made by the committee on invitations, and no thought was given to individual opinions on any issue on which members of the party have heretofore been divided. The invited from Janesville were: Hon. John Winans, George G. Sutherland, J. L. Mahoney, L. F. Connors, Dr. J. B. Whiting, J. P. Baker, Richard Valentine R. J. Whitting, J. J. Cunningham, J. B. McLean, J. Campion, J. B. Lamb, F. C. Burpee, J. Scott, George Turk, C. C. McLean, H. McElroy, P. J. Moutat.

## FORECAST OF WEATHER

Chicago, April 14.—[Special]—Forecast for Wisconsin:

Fair tonight followed by threatening cooler.

## THE CLOVER CROP IS RUINED

Severe Cold with Lack of Snow Destroyed Wheat Crop Also.

The farmers report that the extreme cold weather last winter did a great amount of damage to clover fields. Almost every farmer's clover field suffered by being "frozen out." This year standing fields of clover are all killed and the clover two years old has been damaged so badly that the farmers are compelled to plow up the fields, as the stand would not produce an eighth of a crop. The clover sowed last spring will have to be reinforced by new seed this spring. It has been predicted that the clover hay crop this year in this vicinity will be a failure.

A Story of Turner.

The recent discovery of Turner's first exhibited picture has set going a Turner story that has not been spoiled by much telling. An art patron one day came into Turner's studio when the artist was already famous. He looked at a picture and asked what was the picture. The artist named the sum he had set upon it. "What?" exclaimed the buyer, "all those golden sovereigns for so much paint?" "Oh," replied Turner, "it's paint you are buying?—I thought it was pictures. Here," producing a half-used tube of color, "I'll let you have that cheap; make your own terms," and turning his back on the astonished patron, he went on painting.

New Fangled Battles.

To give the new clinging skirts the proper set in the back, a small cushion bustle should be worn. One of these made of silk or brocade to match the corset, and filled with cotton fastened to the corset on either side of the lacing underneath—just below the small of the back—gives the desired spring to the skirt, and also makes the corset more comfortable, as it prevents the bones pressing against the body.

Time for a Nap.

Soldiers in the Italian army are allowed two hours in the middle of the day for a nap.

## DID TRAMPS TAKE HIS LITTLE GIRL?

### Horrible Revenge on Deputy Hugh Tully.

PRETTY 14-YEAR-OLD DAUGHTER IS MISSING.

She Disappeared Thursday Morning

and Parties Are Searching Woods and Farm Buildings in Every Direction Around Beloit and Rockton—Conflicting Stories as to the Possibilities in the Case—Last Seen on Her Way to Church.

All Beloit is astir over the disappearance of Little Ethel Tully.

For two days men have been searching the woods.

Posses are searching every barn and shed near Beloit and Rockton.

The little girl's possible fate is discussed in every store along the street.

Kidnapped by tramps.

This is the fear that makes the parents frantic.

Revenge for the shooting of tramps at "The Willows" two years ago is suggested a motive.

When the "Willows" gang of tramps were making so much trouble, Hugh Tully, of Rockton, was made deputy sheriff and given that district as his special charge. He conducted a vigorous campaign and finally headed a raid on "The Willows" that landed three tramps in prison and two more in the hospital severely wounded.

The gang swore vengeance on Tully, but they had a wholesome fear, and yesterday was the first time any of them were seen in their old haunts.

Two of the old gang, one of them a notorious character called "Blackie" were in Beloit yesterday for the first time in two years.

Marshal Appleby warned them to leave town and watched them until they boarded a freight train.

Did they return and seize Hugh Tully's winsome daughter?

This fear has made Rockton furious. Little Ethel, a beautiful little girl, fourteen years old, but hardly looking to be ten, left home at eight o'clock Thursday morning telling her mother she must go to church to be examined by Father Ward on the catechism.

"I am afraid I won't pass," she said. St. Thomas Church is half a mile from her home. Ethel got as far as the St. Paul depot in Beloit. She spoke to Mrs. Magillion at the next corner.

Since then she has not been seen. She was missed at noon. By 2 o'clock foreboding had grown into wild fear. Inquiries were made at the church. Parties hastened to search the country. The search has been kept up ever since, but without results.

Father Ward says Ethel did not reach the church, but says she had no appointment with him until May 11. This fact led some to believe that Ethel had taken a train to Chicago, where she has two sisters. Telegrams to these sisters shut off this possibility, and conductors of trains running through Beloit all declare that the missing girl was not seen on any train.

5 p. m.—It is reported that Ethel Tully has been found five miles in the country at the home of a friend.

## ILLINOIS MAN WON

Elkwood Park, N. J., April 14.—[Special]—Thomas Marshall, mayor of Keithsburg, Illinois, won the grand American shooting handicap today.

Gromm, of Iowa, was second. Missed on the third bird on the shoot off.

Grand Ice Trust.

Toledo, Ohio, April 14.—A mammoth ice trust is being organized by John S. Field of the Knickerbocker Ice company of Chicago and Charles L. Wagner, the Ohio ice king, of Sandusky. Agents are at work securing further options, and a prominent ice man here said the trust would control over 80 per cent of the ice plants of the United States, and that nearly all of the stock was already held on demand.

George West Is Dead.

Stockton, Cal., April 14.—George West, the head of the firm of George West & Sons, the most extensive owners of vineyards in California and the owner of the largest brandy distillery in the world, died late last night of heart disease.

Had Threatened Saxton.

Canton, Ohio, April 14.—Thursday was occupied by completing the examination of one witness left over from Wednesday, examining two others and finishing the direct examination of the fourth in the George trial. The state brought out testimony tending to show that Mrs. George had made repeated threats to kill Saxton. The statements of the witnesses were contested at every point by the defense.

Vice-President Is Improving.

Washington, April 14.—Vice President Hobart is reported to be improving, though he has not sufficiently recovered to leave his room. His physician said that he was better Thursday than he has been at any time during his illness.

## TRY TO ESTABLISH LIBRARY AT CLINTON

NEARLY ENOUGH NAMES AL-  
READY SECURED.

Threshing Machine Men Prepare For  
Next Season's Campaign—First  
Number of the "Church Record"  
Appears—L. L. Olds Employs Much  
Help.

Clinton, April 14—Mr. Dodge, of Madison, who has been here for several days in the interest of a library company, has nearly secured the number of names necessary for establishing a library here. Patrons who have taken out memberships are guaranteed a high class of literature. Threshing machine men are already preparing for next season's campaign. Two Bradford parties had shipped to them, at this place, now and improved blowers for their machines. The first number of the "Church Record" appeared this week. It is a very neat little paper of eight pages, published monthly in the interest of the local Baptist society. Thomas J. Parsons is editor; associates, I. and J. Napper and W. H. Gilbert. L. L. Olds is employing much help just now as he is packing and shipping many loads of seeds each day. J. H. Soper, Corwin Smith and Dan Woodard are among those who are assisting him. Levi Christman, of Elgin, Ill., a former resident of this vicinity, was here this week to pick up a car load of cows with which he will increase his herd of over fifty cows. Elgin milk producers are realizing 95 cents per 100 net, for milk at present. They have received as high as \$1.45 the past winter. Levi Davis and family, who for a great many years lived in Bradford, are now residents of this place, having moved here recently from Shopiere. They occupy the J. C. Greene house on North Church street. Arch Woodard, Sr., is home from New York state where he has been the greater part of the winter. He reports plenty of snow and good sleighing when he left. We presume that most of The Gazette readers understood that the town of Bradford appropriated \$1,200 for a new steel bridge at Carver's to replace the old one, and not to build a church at that place, as the types made us say this week. George Hapes has returned to Clinton to live. Dr. Crandall, who boasted of excellent health the past winter, has finally been obliged to endure a siege of the grip. It is reported that Charles Wood is very sick at present. The Misses Markle entertained relatives from Howard recently. T. W. Tuttle has returned from Missouri, where he spent the winter. His health is far from good. The subject of the sermon at the M. E. church Sunday morning is "Shadows." In the evening the second of the series to young people be the "Test of Character." Some people have already made their gardens and are now in hopes for rain. Mrs. Pearl Smith was up from Harvard the first of the week. Irving Inman has erected a new windmill on his farm. Miss Letta Baldwin spent Sunday here.

## OLD AFTON HOTEL IS MOVED

Stood For More Than Forty Years—Geo. Geeser Held Lucky Number

Afton, April 14—The hotel put up by Walter Collins, which has stood on the railroad grounds for more than forty years, has at last been removed to the grounds west of the Afton creamery, and will soon be occupied by John Bartels. George Geeser drew the lucky number which entitled him to the graphophone raffled off by M. J. Caron. Mrs. George Otis has gone to Chicago, where she undergoes a painful operation at the Hanneman hospital. William Brinkman and daughter Francis, and Miss Eda Uehling are visiting relatives and friends at Bartlett, Ill. Albert Uehling returned from Woodstock, Ill., after spending a few days there. Mr. and Mrs. Warren, of Beloit, were the guests of Wm. Eldredge. Miss Sarah Draht and Cora Osgood returned Monday from Sharon where they attended the district Y. P. S. C. E. convention. Mr. and Mrs. W. G. Waite and son Allen Arthur, of Harvard, Ill., spent a few days in Afton visiting relatives. A. W. Stark returned from London, Wis., where he has been for the past two weeks. W. J. Miller has erected a windmill on his farm, known as the Winasplace. Born, to Rev. and Mrs. Wm. Todd, a son.

## MILTON JUNCTION HAPPENINGS

Mrs. Stella A. Holmes, of Janesville, the Guest of Honor.

Milton Junction, April 14—Mrs. Stella A. Holmes, of Janesville, was the guest of honor at a family dinner given at the home of her parents. Mr. and Mrs. R. J. Greenman, April 12, the occasion being the anniversary of her birthday. Geo. W. Hudson, of Minneapolis, has been visiting at Milton Junction and vicinity the past week. Mrs. P. H. Cole was called to Bennett Junction this week by the serious illness of her brother. E. D. Coon is at Walworth, as undertaker, attending to the burial of Harlow Coon, who died on

BITTERS.**

April 10. The annual meeting of the Milton Junction Cemetery association will be held at the store of C. S. Button, Wednesday evening, April 19. Mr. and Mrs. W. H. Gates entertained a company with crokinole on Tuesday evening. Refreshments were served. Archie Woodward lost his boat and came near losing \$500 worth of guns in Koshkonong lake one day last week. Cone, the house mover from Janesville, has moved in this place. Theo. H. Butts is quite sick. Roy Coon of Albion, is helping in Emerson's meat market. Mrs. Varnum Price and children of Wauwatosa, are guests at B. F. Peckhaus'. One of Culton's tobacco warehouses has closed for the season. Carl Cooley, a member of the Fifteenth Minnesota regiment, recently mustered out in Georgia, is visiting at the home of his uncle, Geo. H. Butts.

## RICHMOND PIONEER PASSES AWAY

Death of Mrs. Fanny Osborne at Advanced Age of Eighty-Nine Years.

Richmond, April 14—Died, April 10, 1899, Mrs. Fanny Osborne, or Aunt Fannie, as she is more commonly called. She was an old pioneer. Deceased was born in England, somewhere about 1810. Through the loss of Aunt Fanny, we have lost one who was loved by all. None could tell the tales of early girlhood any better than Aunt Fanny. Her memory of her girlhood days was far better than those of the present happenings. One year and four months ago she was conveyed to the county asylum at Elkhorn. Feebleness and old age had caused her to be of unsound mind and at times, and as she lived alone, it was deemed not safe for her well fare to be left alone. Aunt Fanny is god mother to a great portion of Richmond people, and many of these people will regret her departure. Interment will be in Richmond cemetery. Mark Kilman, of Emerald Grove, was in this section of the country buying fat cattle, as he is the local butcher of the Grove. Andrew Johnson, purchased ten head of young cattle last week, making him a total of twenty head of young cattle and as many A No. 1 cows. Tenus Johnson purchased a fine young bay mare near Elkhorn recently. In regard to threshing trusts we will say that most all the adjoining counties are forming threshing trusts. Some of our Walworth county threshing machine owners had better open their eyes. The good prices of former years have returned in all other business. Why not in threshing prices? Those elected for the coming year were: John Delaney, chairman; supervisors, W. Teetschorn, Leman J. Ines; town clerk, G. M. Holbrook; treasurer, C. Shannahan; assessor, C. D. Earnst; justices, William Dawson and C. Henf; constables, A. Wohlski, William Wilson and Gilbert Parish. Mrs. E. Stoller visited her son Charles, at Johnstown Center, last week. It is certainly remarkable to notice how fast water in all the ponds is settling away, and the land is becoming settled and dry in places. We hope it will not be long before we see teams working on the land. Harry Osborne shot two fine wild geese; Henry Stoller pulled a nineteen-pound pickerel out of Turtle Lake, Tuesday, and others report good luck fishing. Charles Stoller was down from his home in the Center to visit his parents, and do a little rifle practice with his new repeating Winchester. Lottie Stoller took a pony ride to Whitewater, Monday. We are glad to see the roads drying up, as traffic was almost suspended for a few days.

## DANCE AT PORTER BAND HALL

Pleasant Time Reported—Progressive  
Cincinnati Party Given

West Porter, April 14—Although the roads were not in a very good condition there were over a hundred people in attendance at the dance at the Porter Band hall last week Tuesday evening. Leaver's orchestra furnished excellent music. A pleasant time is reported by all. A number of young people enjoyed a very pleasant time last Tuesday night at Mr. Frank Montgomery's at a progressive cinder party, given in honor of Miss Ina Fuller. Maude Pierce received first prize and Lizzie Collins the booby. School opened in the Wilder district last Monday. Miss Oral Montgomery, who has been visiting relatives in Dakota and Minnesota for the past three months, has returned home. Miss Ina Fuller returned to her home near Brooklyn, Thursday, having been the guest of relatives in this vicinity for the past two weeks. Mrs. N. T. Slawson of Evansville, visited her niece, Mrs. Chester Gilley, a few days last week. Herbert Earle and Samuel Ellis have gone to Montana, where they expect to remain for some time. Mr. and Mrs. F. J. Pierce were guests of relatives in Stouton over Sunday.

## MYERS GRAND WAS PACKED

Large Audience Witnessed the Production "A Cheerful Idiot"

Last night, Myers Grand was packed to the doors with Janesville theatre goers, who greeted the Blondells, who are playing a return engagement in the city. Many standing room tickets were sold. The appearance of the Blondells in the city last winter was during most unfavorable weather, consequently the attendance was small, but the good name they won at that time was greatly in evidence last night.

The cast was headed by Edward and Libbie Blondell, who were the shining lights and as "A Cheerful Idiot", Mr. Blondell was excellent and well supported by his companion. The specialties were excellent and in fact the entire performance pleased all.

"A Jay On Broadway" Tonight.

Blondell and Fennsey will again be with us tonight and the success of last evening in the opening of their repertoire with "A Cheerful Idiot", assures a crowded house for tonight. The production this evening will cause a spontaneous combustion of laughter which will continue from the rise until the fall of the curtain. It is the latest and best of all farce comedies. Wherever Blondell and Fennsey have presented this production they have left behind them a name second to none in the fun line and it is safe to say that the announcement that they are to appear at Myers Grand to night, will fill the house and received by everyone with genuine pleasure. It is all too seldom that anything sailing under the farce comedy flag possesses real worth, and when the attraction really merits the attendance of every theatre goer, it is only just to give its dues. "A Jay on Broadway" is a comedy that classes with the very best of the plays constructed for laughing purposes only.

## FOURTEENTH ANNIVERSARY.

Woman's Relief Corps of This City. Celebrate Event.

## Let Us Overhaul

Your Bath Room.

A great many bath tubs in this city were put in years ago. Likewise water closets. They are foul, ill-smelling and unwholesome and a menace to health. Bath tubs were boxed in and pipes out of sight, often leaking gas and accumulating dirt. You should throw these out and put in a bright porcelain tub and a siphon water closet with exposed nickel water pipes. You will take more comfort than you can imagine. The price for this kind of this kind of work has got down to reasonable figures now. If you think of doing anything to your bath room. We will be glad to give you an estimate of the cost and other information and help which our experience would suggest.

## McVICAR BROS.

South Main Street.

## J. M. BOSTWICK & SONS.

THE BIG STORE 20, 22, 24, 26, 28, S. MAIN ST., JANESVILLE, WIS.

WE KEEP THE QUALITY UP

IMMENSE... IS THE WORD.

Our stock of...

Carpets is immense...

Spring carpet selling has started in with a rush.

We have been receiving new carpets for weeks past and our stock is in good shape.

Ingrains, Body Brussels, Velvets, Moquettes, Axminster, Tapestry Brussels, Cotton Chams, Mattings, Linoleum, &c.

A large assortment of choice patterns, at prices as low as good carpets and other floor coverings can be sold at.

At 40c we offer a heavy cotton three-ply carpet, the best value obtainable. Choice styles. It's our Onyx Brand.

Stylish Mackintoshes..

Just because a mackintosh is intended for rainy-day wear is no reason why it should be a hideously ugly, ill-fitting garment. We devote a great deal of time to selecting our mackintosh stock. There are pretty, stylish mackintoshes just as there are ugly ones. We taboo the latter. We show mackintoshes with the skirt separate from the cape, at \$4.50 and \$7.00.

Ladies' Mackintoshes, excellent grades at \$3.50, \$5, \$6, &c. Misses' at \$3 and \$4—good ones.

Women's Gloves...

This glove business grown. But when the comprehensiveness of the assortment, the uniformity of qualities, and the substantial savings are considered—it could hardly do anything else. The Spring lines comprise every wantable kind of glove.

Wash Chamis in white, slate and natural; beautiful soft skins, guaranteed to wash; at 85c.

Mochas, lovely quality, all colors,—neat embroidery, \$1.00.

Our Newport is a 2-clasp, heavy glaze glove, extra heavy, prix seam, very stylish, \$1.50.

It pays to buy reliable gloves. We have an odd lot of kid gloves, formerly \$1 to \$1.50, which we offer at 50c.

Rugs...

All styles and sizes. It's great stock we can show; immense is the word that best expresses it. Room sizes, over 50. Hall rugs, square rugs, rugs for every nook and corner. What makes a house look more home-like than pretty rugs here and there.

Our Ready-to-wear Garments are having a wonderful call these days; there is rightness about them, too, that women have learned. At \$14 and \$15, suits of herring-bone chevrot and neat cloth checks that are beyond competition.

\$8.50 wash silk waists in beautiful patterns; excellent, firm silk.

## Chicago Live Stock Market.

Chicago, April 13.—Only moderate receipts came today, and trade in cattle and sheep had rather firmer tone, without quotable gain in values. Hogs, on the other hand, met with weaker demand and sold off 2 1/2 @ 5c, showing a big 10c break in prices the last two days. At that decline most of the useful hogs were bought up in fair season. Today's receipts are estimated at 7,000 cattle, 23,000 hogs and 12,000 sheep. Trade in cattle and sheep had very agreeable tone, most of the useful offerings in those branches finding sale early, though the current of later trade in cattle was not very brisk.

A lazy liver makes a lazy man. Burdock Blood Bitters is the natural, never failing remedy for a lazy liver.

Ordinary household accidents have no terrors when there's a bottle of Dr. Thomas' Electric Oil in the medicine chest. Heals burns, cuts, bruises, sprains. Instant relief.

It's the little colds that grows into big colds; the big colds that end in consumption and death. Watch the little colds. Dr. Wood's Norway Pine Syrup. Eczema, scald head, hives, itches of the skin of any sort, instantly relieved, permanently cured. Doan's Ointment. At any drug store.

## Commencement Stationery

Beautiful samples of commencement cards, invitations, programmes and diplomas for 1899, have been received at the Gazette Job Rooms. We have special facilities for caring for large engraving orders.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft repeated experience of trustworthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. For sale by People's Drug Co.

## TO UNITE IRON INTERESTS.

Consolidated Company Will Have a Capitalization of \$500,000,000.

New York, April 14.—H. More of Chicago arrived here Thursday. His mission is said to be the completion of plans for the consolidation of the several iron and steel interests, a charter for which will probably be filed within a few days. It is said that the capitalization of the consolidated company will exceed \$500,000,000.

The proposed copper consolidation will also, it is said, be completed within ten days with a capital of between \$400,000,000 and \$500,000,000. This new copper company will represent all the copper interests in the United States, all of which are practically controlled by representative Standard Oil interests.

## Appeal to Iowa's Governor.

Des Moines, Ia., April 14.—At a meeting of the Des Moines Trades assembly, at which all the labor organizations of the city were represented, resolutions were adopted calling upon Gov. Shaw to prevent the importation of foreign miners into this district to take the place of striking miners. A few miners have been brought in from other districts. They claim to have come from Panama, and some of them have gone to work in the idle mines. They are all colored men. The situation remains unchanged, and most of the larger mines are still idle.

## Town Is Almost Destroyed.

Fort Dodge, Iowa, April 14.—The town of Pomeroy was almost destroyed Wednesday night by fire. The loss is estimated at between \$75,000 and \$100,000.

This is the second time Pomeroy has been destroyed, the first time, being July 6, 1893, when the town was swept away and forty-nine people killed by a cyclone.

## Coloma Bank Loses \$1,000.

Coloma, Mich., April 14.—The vault and safe of Ball & Son's private bank were blown to pieces early Thursday morning and \$1,000 in bills, besides a quantity of silver, was stolen. The burglary was discovered this morning by Mr. Ball, and Sheriff Ferguson was notified. No clew to the robbers has been found.

## If the Baby Be Cutting Teeth.

Be sure and use the old and well tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children. —W. A. SRAUD, Popomoke City, Md. For sale by People's Drug Co.

## Wheeler May Govern Manila.

Washington, April 14.—Gen. Joseph Wheeler, one of the heroes of Santiago, is to be military governor of the city of Manila, Philippine islands, according to a semi-official statement. Gen. Wheeler has been anxious for active duty, and the president, it is said, has decided to send him to the orient. His selection for this important post has not yet been made public, but he will probably start for the Philippines very soon.

## Rheumatism Cured

My wife has used Chamberlain's Pain Balm for rheumatism with great relief, and I can recommend it as a splendid liniment for rheumatism and other household use for which we have found it valuable. —W. J. CUYLER, Red Creek, N. Y.

Mr. Culver is one of the leading merchants of this village and one of the most prominent men in this vicinity. —W. G. PHIPPS, Editor Red Creek Herald. For sale by People's Drug Co.

## "Blessed Hour of Our Dinners."

Said the poet, and the meal is really enjoyable when eaten at the dining rooms of The Mrs. Clark Co., 151-153 Wabash avenue, Chicago, or at the restaurant on the 7th floor of the Association building in La Salle street, which is also run by this company. The cuisine and service are unexcelled.

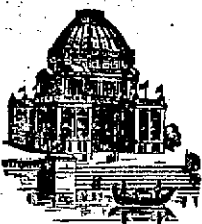

## Point Scored Against Quay.

Philadelphia, Pa., April 14.—An entry in the minutes of the board of directors of the defunct People's bank showing the terms upon which a loan was granted to Senator Quay's son was accepted as evidence in the trial of the conspiracy charge Thursday. This entry records the decision to lend R. R. Quay the sum of \$100,000 provided that he furnished to the bank president "a certain letter." The letter, which was regarded as most damaging, is from State Treasurer Haywood promising a deposit of \$100,000 of the state funds, not to be drawn against while the Quay note was outstanding. Efforts of the defense to have the minute book excluded were fruitless and the important record was admitted.

## Cumulative Evidence

A proof of merit in any article is the amount of free advertising it receives. The universal success of Pabst Malt Extract, The "Best" Tonic, is largely due to one person's telling another of the benefits derived from its use. It is sold in almost every city and town in the United States. Its purity and efficacy have given it the immense popularity it has attained. It is indorsed by thousands of physicians and patients. It makes strength. It gives vigor and health when every avenue of hope seems to be closed.

When you ask for Pabst Malt Extract, The "Best" Tonic, do not be led into buying something else. Many imitations have recently appeared. Remember that Pabst Malt Extract, The "Best" Tonic, was the only malt preparation declared perfect by the judges at the World's Fair, and alone marked with 100 points of perfection. The way to obtain the greatest amount of benefit for the least amount of money is to have your druggist deliver you a dozen bottles at a time.

Ask your Druggist for a generous 10 CENT TRIAL SIZE.

THIS DAY IN HISTORY.

1783—Lord North, prime minister of England during the American colonial troubles, born; died 1792.  
1782—General Alexander Macomb, hero of Plattsburg, born in Detroit; died 1841.  
1868—The British stormed and captured Magdala, Abyssinia; King Theodore, reputed descendant of Solomon and the queen of Sheba, killed himself.  
1860—Rejection of the Alabama claims treaty by the United States senate and a serious war alarm in America and England. The Alabama episode was the only complication since the close of the civil war that has seriously threatened the peace of this country. The senate vote stood 54 to 1. Charles Sumner made a powerful speech, declaring that "when civilization was fighting a lost battle with slavery England gave her name, her influence, her material resources, to the wicked cause and flung a sword into the scale with slavery." The dispute was finally settled by arbitration, England paying the United States an indemnity of \$15,000,000.  
1830—Samuel Jackson Randall, statesman, died in Washington; born 1803.  
1804—David Dudley Field, eminent American jurist; died in New York city; born 1803.

PROSPERITY FOR FARMERS.

In the campaign of 1896 the farmers were given especial attention by the managers of the silver party says The St. Louis Globe-Democrat. All who tilled the soil were assured that low prices were the direct result of the treatment of silver and that values must inevitably continue to drop until the government consented to coin at the old ratio all the silver that could be carried to the mints. This view of the case was backed up by an avalanche of silver literature, to say nothing of an earthquake of silver gabble. Farmers know now that the prices of their products advance without the slightest regard to silver; and that the popperet purpose in 1897 was to overwhelm them with financial fallacies and deception. In that year the value of domestic animals was certainly low and demagogues charged the fact upon their great catchall, the alleged crime against silver. A chance is now presented to consider the subject freed from political absurdities.

The annual report of the department of agriculture states that the value of horses in the United States has increased \$32,000,000 within a year, an average increase of more than 10 per cent. This has taken place in spite of the talk of a coming horseless era. Cattle, other than milk cows, increased 10 per cent in value. Milk cows were worth \$39,500,000 more at the end of the year than at the beginning. Sheep, which could hardly be given away under the last Democratic tariff, increased in value \$14,000,000, and in number 1,460,000. Mules also increased in value. The total increase in a year in the value of domestic animals is placed at \$108,355,482, a gain of 5.74 per cent. The party that promised prosperity, and was taken at its word, has abundantly fulfilled the pledge, but the measure of its good deeds and beneficial influences is still piling up.

Among recent orders placed with the Baldwin Locomotive Works, Philadelphia, Pa., are the following: Missouri, Kansas & Texas railroad, five ten wheel passenger engines; Chicago & Alton Railroad, 40 locomotives, with an option on 80 additional; Norfolk & Western Railroad, 20 simple consolidation locomotives, March and May delivery; Atchafalpa, Topeka and Santa Fe Railroad, 15 locomotives, September delivery.

The Studebaker Brothers Manufacturing Company, South Bend, Ind., is doing a big trade with the Hawaiian Islands. During the past two months it has shipped more goods to Honolulu than for the three years preceding.

A conviction in a pension fraud case at Washington revealed the fact that during thirty years three women had drawn a pension as the widows of a man who had never been married.

Stebbinsville.

Stebbinsville, April 14—Spring is here at last. M. A. Simerson has moved to Cookstown. He will work for F. Miller the coming season. J. B. Shaw is drilling a well on the old Gilbert farm. Herbert Arthur and Robert Learn are attending school at Edgerton again this term. Mrs. M. A. Spence has sold her tobacco for 6 and 8c assorted. The mill is running full blast at Beggars bend and anyone who wants good grinding should call. William Lawrence is building a new hen house. He says it pays to have good chickens. Mrs. Myradeth has moved into the C. Miller house. Anyone wishing a fine crop of tobacco call on Philip Alos. Orin Viney accompanied his son-in-law, F. Miller, to Chicago, where they took four carloads of steers.

Securing Gibraltar's Gates.

Perhaps the favorite sight of Gibraltar is the daily procession at sundown for the locking of the town gates. The Keeper of the Keys, looking very like a prisoner, despite his uniform, marches through the town in the center of a military guard, preceded by a regimental band, which plays inspiring and familiar tunes. The keys of enormous size, are borne aloft before him as an outward and visible emblem of the vigilance of Britain in guarding her prime military treasure. On arriving at the gates the guard salutes, the martial strains strike up with a redoubled pean of triumph while the great doors slowly swing to, and are solemnly locked for the night. Then right-about-turn, and the procession marches back to the convent to deposit the keys in the governor's keeping, conveying by its passage an assurance to the people and garrison that they may rest in peace. Once the gates are shut it were easier for a camel to pass through the eye of a needle than for any unauthorized person to go into Gibraltar. Even a belated officer returning from pig-sticking beyond the lines would be confronted by so many formalities, and the necessity of inconveniencing so many high personages, that he would probably prefer to encounter the discomforts of a Spanish inn without.

Texas Cotton Shipped to Japan.  
Texans recently shipped their first cargo of cotton for the Japanese markets. It consisted of 13,832 bales, and was loaded on the Japanese steamer Tamba Maru. She is said to have been the first vessel ever loaded at a Gulf port for Japan, and will go by way of the Suez canal to Kobe, Yokohama, and Nagasaki. Englishmen command the vessel, but her crew is made up entirely of Japanese.

Dr. Holman S. Humphrey, the specialist in Throat and Lung diseases, states:  
"The prescription for Dr. J.udson Hale's Cough Cordial, I consider a most excellent one, and I have used it in many cases with the best results. The preparation given in small doses at frequent intervals affords immediate relief in Bronchial affections, and for Throat and Lung troubles I believe it to be one of the very best remedies for general use in the family."

WHAT GOVERNOR PEER SAYS.  
The Sun would not knowingly lead any person astray on the subject of patent medicines, but it knows that Hale's Cough Cordial will take a cough by the nose of the neck and shoot it out of the lungs as quick as lightning. That is 48 hour lightning.

"I have made use of Dr. Hale's Cough Cordial for an affection of the throat, and regard it as an excellent remedy."  
—Rev. M. G. Hobbs.  
Baptist Church, Janesville.

"We have never known so good a remedy for a cold or cough as Hale's Cough Cordial. We are daily using this medicine in our family, and pronounce it an excellent good thing. We cannot afford to be without it."  
—E. O. KIMBERLY, Janesville.

"My daughter suffered from a severe cough nearly all winter without finding any remedy that gave relief until she used Hale's Cough Cordial. One bottle performed a cure."

GRAND ANNIVERSARY!  
AND SPRING OPENING SALE,  
Saturday, April 15th--A Double Event. . . . Double Attraction.

One year ago on Saturday, the Quatsoe Shoe House was opened to the people of Janesville, with the principles laid down that one price should rule, and that should be below all others; also that no shoddy footwear should enter the house. Have we fulfilled our promise? This can be answered by the thousands of patrons we have. Only one year old and today selling more footwear than any other house in Janesville. "Always the most for the money" is a winner. It has been proven. Saturday we will celebrate our First Anniversary Sale by giving the people of Janesville genuine bona fide bargains that are bargains—matchless values—not merely bargains in print. Nothing has been left undone to make Saturday the banner day of the year. It will be an opportunity to buy new, clean, up-to-date footwear at remarkably low prices. We have been preparing for this event for many weeks and Saturday you can reap the benefit of our efforts. The talking machine will play all day long twelve different pieces. Everybody is welcome.

## HIGH SCHOOL MEET PLANNED MAY 27

### LOCAL ATHLETES WILL COM- PETE IN MADISON.

Janesville High School Will Send Along a Good Team This Year—Inter-Scholastic Declamatory Contest to Be Held on Same Date Camp Randall Selected.

The annual field and track meet of the Wisconsin Inter-scholastic Athletic Association will be held at Camp Randall, Madison, May 27.

One of the best all around athletic track teams that has ever left the Bower City will represent the Janesville High school this year at this meet.

Those who will go from here, are to be selected at the coming county meet to be held at the Fair grounds here in May.

At the coming meet to be held in Madison an especial effort is being made to induce the smaller schools to enter the contest. With this end in view the proposition is now being considered to divide the schools of the state into two classes, class A to consist of all schools of an enrollment of two hundred or more, while the schools of an enrollment of less than two hundred will comprise class B. If this plan be adopted, two series of events will be held, one series for each class. Then there will be a class A champion and a class B champion. Any school of the lower class is eligible to the first class but no school of class A can contest in class B. This plan, it is thought, would induce those schools to enter who have hitherto felt that with their small number of students they had no chance of success in competition with the schools of large enrollments such as the schools of Milwaukee and of the other large cities of the state. The principal objection to the proposition seems to be the great difficulty there would be of bringing off such a large number of events in one afternoon. However, as the number of contestants in each event would be lessened, by this division into classes the number of trials heats would be consequently greatly lessened and much time thereby saved.

The events will probably be as follows:

Track: 220 and 440 yard dashes, 120 and 220 yard hurdles, half mile run, mile run, half mile walk, mile relay race, mile bicycle race.

Field: shot put (twelve lbs), hammer throw (12 lbs), running broad jump, pole vault, high jump.

This year an entirely new feature will be added to the inter-scholastic exercises in the shape of a contest in declamatory which is to be held in Library hall on the evening of Inter-scholastic day, May 27.

## SEVERAL TRAINMEN DISREGARD RULES

### FAILED TO HAVE THEIR WATCHES REGULATED.

Chicago & Northwestern Railroad Company Give Twelve Local Employees Ten Days Lay Off—Engineers Among Those Affected—Are Strict About the Watch Question.

Twelve local trainmen employed on the Chicago & Northwestern railroad have received notice to each take ten days' vacation without pay.

Failure on their part to have their watches regulated according to company rules is given as the reason.

Among the twelve trainmen are well known engineers, conductors and brakemen.

According to company rules, every employe on the Chicago & Northwestern road from the freight brakeman to the high officials must carry with them a standard watch which must be inspected once a week so that it may be properly regulated. Failure on their part to live up to this rule led to their present trouble.

Not many months ago, the company required only conductors and engineers to live up to this rule, but now all trainmen are included. To each employe a card is presented and once a week he takes his watch to the time inspectors to fill out the card which notes whether or not his watch is up to the standard of excellence as required. The watch is not regulated if it varies more than thirty seconds.

This card also enables an employe to visit any one of the company's watch inspectors along the entire line. At the end of every three months these cards are sent to A. M. Church, superintendent of time service and it is the record shows that the trainmen are carrying poor watches or have neglected to put in their weekly appearance, they are dealt with accordingly.

F. C. Cook & Company are the local time inspectors for both the Northwestern and the Milwaukee roads. "The Northwestern company are getting very strict of late in the matter of watches," said a well known engineer this afternoon, "and a man in their employ now is required to carry nothing but a good timer which is sure to cost him not less than \$20."

### ASLEEP IN JESUS.

Louis B. Brittain

Louis H. Brittain, son of Walter Brittain and grandson of the late L. C. Hyde died early this morning of peritonitis. Additional complications developed in the last few days of his illness in the form of appendicitis.

He was a young man of much promise, was in the direct line of succession to the Hyde & Brittain banking interests and held the possibilities of great usefulness and important achievements. He was married and a wife and daughter survive him.

Frank R. Randall.

Funeral services over the remains of the late Frank R. Randall were held this afternoon at the home of Mr. and Mrs. McKenna in Chicago, conducted by Rev. Warren P. Behan, of Grand Rapids, Mich. ## ONLY RAILROAD MAN TO REFUSE PASSES

### PETER TOMPKINS HAS THIS UNIQUE DISTINCTION.

One of the Oldest Rock County Railroad Men—Station Agent for the Milwaukee Road at Milton—Explains His Objection of "Deadhead" Transportation—Never a Free Ride.

Peter Tompkins, one of the oldest of Rock county railroad men, has a unique distinction: He is the only railroad man in the state, so far as known, who refuses free transportation. Mr. Tompkins is station agent for the Chicago, Milwaukee & St. Paul road at Milton, and is seventy years of age. The Sentinel's Palmyra correspondent says:

"Mr. Tompkins has strict views of right and wrong, and explains his rejection of 'deadhead' is but honesty, nothing more. He has served the Chicago, Milwaukee & St. Paul road as station agent at Milton since 1851, and in all those years has not once had a free ride over the road. The company has urged him to retire on half pay, which he also refuses to do, on the theory that it would be dishonest to accept money and give nothing in return. Strangers dub him a crank, but those who know best accuse him of nothing more serious than strong convictions. Whenever he goes away himself, which is fairly now, or sends away his family on a pleasure trip, which is of more frequent occurrence, he purchases tickets for all. His family consists of a wife, three daughters and two sons."

An Erroneous Impression As to Ice.

Some people think the process of freezing purifies water. Ask any intelligent physician and be convinced. It is the gradual poisoning of the system with impure water, food or air, that causes sickness such as diphtheria, scarlet fever and typhoid fever and still you wonder where our little ones caught it. Impure ice is the direct cause of more sickness in your family than you think as milk, butter meat and fruits cooled by it are gradually poisoned by the circulation of air in your refrigerator passing over the ice then down on your victuals which you intend to preserve and keep cool. When you want pure lake ice leave your orders with H. E. Ranous or W. T. Sherer's Pharmacy. J. H. GATELEY.

### THE 1899 CHAINLESS...

No wheel in our stock has attracted more attention than the 1899 Columbia chainless. It represents many improvements. The forward mechanism, which last year was assembled directly into the crank bracket itself, is now placed in an independent bushing or sleeve, which is inserted in the bracket and clamped in position. The gear adjustments, both front and rear, have been made entirely independent of each other, thus greatly simplifying the operation of bringing the gears to mesh. The ball race of each gear bearing forms a part of the gear itself, bringing the bearing directly into the line of thrust.

Pennant Contenders Are the Same as Last Year.

The National league—twelve clubs after all—starts the season of 1899 today and to-morrow. Chicago and Louisville rush the season by playing their opening game this afternoon. To-morrow, the regular opening day, will find all the clubs engaged.

The pennant race seems to be limited to about the same contenders as last year. Boston, Brooklyn, St. Louis and Cincinnati, with Chicago a bare possibility, seem to have the race to themselves. The strongest appear to be Boston and St. Louis, last year's Cleveland. Tebeau's team, now located in a city where it will be encouraged, ought to make a strong bid. Brooklyn, of course, is always reckoned in; but that team does not seem much stronger than Baltimore last year. Cincinnati has strengthened its already formidable pitching department and added a big-class outfielder in Selbach. Ewing's team will be a big factor, at least for the first half of the season.

Two clubs ambitious to land in the first division are Philadelphia and Louisville. Both boast that they will beat out Chicago, but there seems little likelihood that either can finish higher than sixth. The Phillies are uncertain in the box, and the Colonels do not average quite high enough to be counted in the pennant field.

The other clubs are accounted of only second-division speed. New York is disorganized and spiritless, despite Doyle's efforts. Pittsburgh has several new men and may amount to something, but will probably not mount to the first division. Washington is in a similar situation. Baltimore and Cleveland are in the league simply to go through the motions. The former may prove a good second-division club, but the latter appears hopeless.

#### STORIES OF RATS.

A Rodent Will Bite Off Its Leg to Escape from a Trap.

Pittsburg News: George Purcell tells some stories about mining coal that are interesting. Purcell says a rat, when caught in a trap, will cut off a limb to escape. He one day caught a rat with a blacksmith's pincers. He had only time to fix the pincers on the rat's tail, but with sufficient grip to hold the rat for a time. He intended taking the rat to a feed box in the barn, where the fighting qualities could be tested by a terrier. The rat, hanging by its tail, turned around to free itself from the pincers. Finding that the pincers were harder than its teeth, it turned its attention to its own tail. It cut with its teeth a ring around the tail and then made a jump. The skin peeled off the tail, leaving the tail covering in the grip of Purcell and the pincers. It is needless to say that the rat escaped. Miners believe that rats leave a falling mine. M. W. Kerrigan met a horde of rats one day when he was entering a mine. He attempted to kill them with a stick, but as fast as he knocked one out another took his place. He was accompanied by a dog, and the dog was so badly bitten by the rats that he sought shelter behind Kerrigan. Seeing that the dog was badly injured by the attack of the rats, Kerrigan took him outside the mine to have his injuries attended to. Kerrigan then returned to the workings, but was surprised to find that the entry in which he had met the rats had fallen in during his absence.

# Brought Sleep.

A Veritable Restorative which Contains no Harmful, Dangerous Drugs. Wonderful Beneficial Results Obtained from Dr. Miles' Nervine.

When the marvelous system of nerve centers, nerve fibres and ganglia which pervades every portion of our bodies, becomes deranged so as to interfere with the functions of the various organs, the vitality is lowered, the health is destroyed, and even life itself is seriously endangered. A medicine that will strengthen and invigorate the shattered nerves, rest the weary body and soothe the tired brain is greatly to be desired. Such a medicine is Dr. Miles' Restorative Nervine. It is a nerve food and tonic which acts directly on the nervous system, tuning it up into sound and vigorous action.

Rev. Geo. W. Stone, of Windom, Minn., writes as follows: "I was greatly troubled with nervousness and inability to sleep, with condition was brought on from overwork and consequent neglect to properly care for my health. I had suffered with severe headaches for two months previous to the breakdown but had concentrated all my will power to finish a series of special meetings which I had in charge. A friend advised me to take Dr. Miles' Restorative Nervine and I began its

use together with Nerve and Liver Pills, and I am pleased to say I found in these remedies just the help I wanted. The first night after I began using them I slept soundly all night and in the morning felt so much better that I was greatly encouraged. In a few weeks I was enjoying exceptional freedom from my old troubles. My wife was seriously troubled with heart pains and weakness resulting from female disorders. She took Dr. Miles' Heart Cure and found it just the thing to relieve the palpitation, and to tone up the action of the heart. We do not hesitate to recommend the Dr. Miles' Remedies as all that is claimed for them, and we use them in our family whenever necessity requires."

"About two years ago I was troubled with nervousness and sleeplessness, which was caused by overwork. I tried all the doctors in the city but could get nothing that would give me relief. Then I went to my druggist and he recommended that I try Dr. Miles' Restorative Nervine. I bought a bottle and was surprised at the good results obtained. I continued taking the medicine until I had used five bottles, and by that time my trouble was completely cured."

MARR HARRISON,  
Syracuse, N. Y.  
"For seven years I suffered with ner-

vous prostration, severe headache and inability to sleep. I lost my appetite, my weight run down and I was unable to do any work or scarcely to move about. Several doctors attended me, but their medicines gave me very little if any relief. One day a friend recommended that I try Dr. Miles' Nervine and Nerve and Liver Pills. I did so and before the first bottle was gone I felt much better. At the end of three months I was able to do all of my house work, could sleep at night as I used to, and am now seldom troubled with headache.

MRS. SARAH WALTERS,  
Rock Springs, Wyo.

Dr. Miles' Nervine will positively cure headaches of long standing, and is exceedingly beneficial in all those run down conditions of the system which result from overwork.

# Another Talk With You On Flour.

THE price of Flour is still hanging high with the millers. They are asking the retailer a good sight more in car lots for fancy patent Flour than we are selling it at in single sack lots. The mill quotations are \$4.00 per barrel—\$1.00 per sack—in car lots. Our prices for the choicest patent Flours of the entire country are as follows:

Washburn, Crosby & Co.'s	Jennison's	Hard to Beat,
Gold Medal,	Very Best,	:: AT ::
\$1.00 per sack.	\$1.00 per sack	95c per sack.

We have protected our customers in Flour prices and were able to do so through our heavy early buying, securing the lowest prices when the market was just right.

## We Do Our Best at All Times

Along all grocery lines to take care of purchasers in the matter of low prices. Our invoices are always very large and whether there is an advance or not we are able to secure lower prices than small purchasers.

**Gold Medal Flour** will make thirty-five loaves more bread to the barrel than any other Flour. Its leavening powers are greater in every way. Gold Medal Flour requires plenty of water in its mixing. You will never be disappointed in its qualities.

**Hard to Beat Flour** is claimed by many to be equal to many so-called fancy patents. We sell it, however, at 95c per sack.

### A Man's Furnishings

Are the test of his good taste. Poorly selected they spoil the effect of even the best of clothes. Our furnishings are all selected with the greatest care; therefore he is wise who trades with us. His shirts always fit comfortably, and look well; his ties are attractive and of the latest styles, and his hats and gloves are faultless in make, fit and finish.

## WE INSIST

That we carry three times the assortment of up-to-date foot fitting footwear of any other shoe house in Southern Wisconsin.

There are a great many people who want an up-to-date stylish shoe and a shoe that will wear and give satisfaction—one that your friends would call a \$5.00 shoe—but you can get them in all shades of color for the popular price of . . .

\$3 50

### FOR THE LADIES

we are equally loaded with bargains—with pretty footwear. Our new "Mannish" shoes in welt or turn sole, English back stay, black or tan; they cannot be equaled in Janesville; our price . . .

We are also showing beautiful ones like the above; some say they must be more, but we are rushing them at

\$3 00.

If you want something very swell for dress, with a Louis heel, in patent leather or very fine kid; both in high shoes and slippers. The boys and girls all know where to get shoes to suit them and wear to suit their parents. We have them, just what you want.
